Issue at games 7/25 (manager input, intent behind decision etc...)
Jorge- wasn't present when the issue occurred, was at the store when the current situation happened

Logan- talked about the issue a few weeks ago and then felt the subject was set aside.
Michael- initially played the first game and was going to play the second but guy stepped in. (create a chain of command during the game just in case other issues arise while teams are competing against each other)
Damon- exception made and told that it wasn't going to affect anyone's statistics. (Talk to Sebastian with Robbie)
Robbie- talked with managers and blue before the game started, the situation got out of hand but is now getting settled. (talk to guy about next week and umpin the tournament)
